Margins: Use the text here to see how your logo, in text-only and full-height versions should be placed within text. The margins here represent the lowest margins you would want. Text should not come any closer than is indicated by the dotted lines in these examples. Square icons are also great to use within content. See the zip file that came with this pdf for indifvidual icon files.

Icons / Square Treatments:
Great for Facebook and Social Icons

(alternative color reduction)
